LIFETRONS

Pure Health
Bracelet Series
With Germanium and Magnets

User Guide EN

Thank you for purchasing a Lifetrons Pure Health Bracelet. This user guide outlines the quick operating procedures and safety precautions. Please read it carefully to ensure you are using the product properly and retain it for future reference.

How to Use

You can wear this health bracelet everyday.
It is intentional and completely normal not to feel anything – to avoid possible discomfort.

Caution

1. Immediately remove the device if an allergic reaction occurs or you feel discomfort.
2. If you take medication, consult your physician before wearing the bracelet.
3. This bracelet should not be used by pregnant women, people with pacemakers, people under dialysis, children under the age of 13 or people working in environments with high electrostatics or excessive heat.
4. Do not wear this bracelet inside hospitals.
5. Do not use for any other purpose or in any other manner than as a bracelet.
6. Keep out of reach of small children. Magnets, crystals, germanium or other small parts may detach from the bracelet.
7. Keep away from magnetized places, devices, watches, magnetic cards, credit cards, mobile phones etc.
8. Handle crystals with care. Do not immerse the bracelet in water – this causes non-removable water stains on the crystals.
9. Metal and crystals should only be cleaned with a dry cloth or brush. Do not use any chemical substance to clean them.
